

OUR SCHOOL NEWSLETTER - FEBRUARY 2022

Welcome to our February Newsletter.

We are enjoying the lovely weather and have planted lots of lovely plants that Bernard, Chairperson of our Board of Management gave us recently.

We are looking forward to going to Swimming lessons after Easter.

We held a Family Service in Old St. Mary's Church on Sunday 23rd of January and there was a great attendance. The children read the readings and prayers on the theme 'Hope' which is also the theme for the Bishop's Art Competition this year. The children planted flowers at the church as a symbol of hope.

We are enjoying all the Drama, Sport, French and Music classes at school.

We will be starting the Junior Entrepreneurs Project this month and we are visiting a local business man: Martin Coen, Cobbler in Mary Street this week for ideas for our project.

In the Junior Room, we have been busy enjoying the bright days. We love feeding the birds: watching them and listening to their songs daily. We have also completed a weather chart - recording the temperature, wind and weather observations every day. We are keeping a close eye on our tulip and daffodil bulbs which are beginning to sprout..
